FONSS is our successful charity run by parents and other family members for our children. Often referred to as the PTA, we exceed the national average of money raised per child in the school by over 100% (National average £30.00, our average is over £100.00)

This assists in the provision of additional curriculum activities and makes a valuable contribution to the cost incurred with transport and school trips.

Please see next page for more details on how our funding is spent
