

North Stainley Sprints To Scarborough

The whole school has been involved with a new running event. As we like to call it, North Stainley sprints to Scarborough. Our goal is to run the distance of 96.4 km. We try to do this 2 times a week. We have decided to do this activity before lunch for 15 minutes. At the same time, this weekly run keeps North Stainley fit and healthy! You never know, if we successfully run our expected amount, we might be treated to a school day out to Scarborough. So remember your trainers and have a fun time. Not only all this, but Maddie and Caitlin (sports council) will be secretly picking two super sprinters one from KS1 and another from KS2. Then announcing them in sharing assembly so work hard and you might be in it to win it.
