

Dear Parents, Guardians and families,

As you are probably now aware, we as a school are all taking part a 'Sprint to Scarborough'. The intention is to run the equivalent distance to get to Scarborough with the incentive of a school trip once the 92 kilometres have been completed.

The school council have also decided to use this as an opportunity to raise money for the charity UNICEF.

The money will be raised through pledges: the children will bring home a pledge sheet in which you can choose how much you would be willing to donate should your child complete the 92 KM. Once your child has completed the full distance the money will be given to UNICEF which helps children in disadvantaged countries.

Attached below is a pledge slip so you can sponsor your child. We will give you further notice to when the money needs to be handed in, should we make it to Scarborough!

Any questions or queries, please contact the school council.

Yours Faithfully,

The School Council and Miss. Gregory
