| Kasia  | 6   | 1     | broomstick | pumpkin  | homemade    |

# The Mystery of the Winning Halloween Costume

## Clue 1: Tens and Ones

Shade the correct value of the digit underlined in each row.

The column with the most shaded answers will reveal whether the child who had the winning Halloween costume wore a homemade or shop-bought one.

|            |                    |                 |
|------------|--------------------|-----------------|
| <u>1</u> 7 | 70                 | 7               |
| <u>1</u> 2 | 1                  | 10              |
| <u>2</u> 4 | 20                 | 2               |
| <u>5</u> 6 | 6                  | 60              |
| <u>8</u> 0 | 80                 | 8               |
| <u>5</u> 4 | 5                  | 50              |
| <u>9</u> 3 | 9                  | 90              |
| <u>3</u> 8 | 30                 | 3               |
| <u>7</u> 4 | 40                 | 4               |
| <u>6</u> 3 | 6                  | 60              |
| <u>4</u> 8 | 40                 | 4               |
| <u>2</u> 9 | 90                 | 9               |
|            | <b>shop-bought</b> | <b>homemade</b> |

**Clue 1:** The child who had the winning Halloween costume wore a \_\_\_\_\_ one.

# The Mystery of the Winning Halloween Costume

## Clue 2: Counting in Steps of 2, 3, 5 or 10

Shade the incorrect number in each row.

The column with the most shaded numbers in will reveal information about the winning Halloween costume.

|              |                |              |                 |               |
|--------------|----------------|--------------|-----------------|---------------|
| 10           | 12             | 15           | 16              | 18            |
| 12           | 15             | 18           | 20              | 24            |
| 15           | 16             | 25           | 30              | 35            |
| 40           | 50             | 51           | 70              | 80            |
| 23           | 22             | 20           | 18              | 16            |
| 27           | 24             | 21           | 18              | 17            |
| 44           | 40             | 35           | 30              | 25            |
| 100          | 90             | 18           | 70              | 60            |
| <b>witch</b> | <b>pumpkin</b> | <b>ghost</b> | <b>skeleton</b> | <b>zombie</b> |

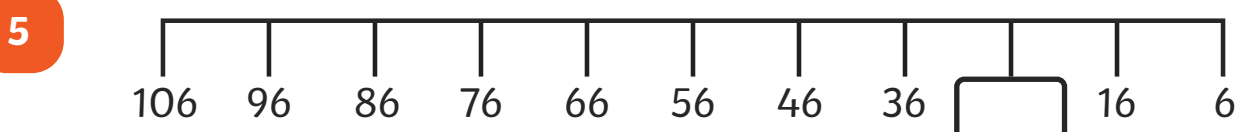

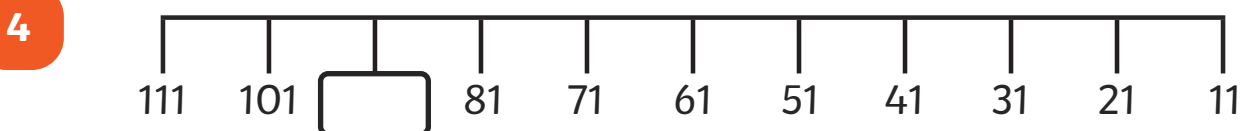

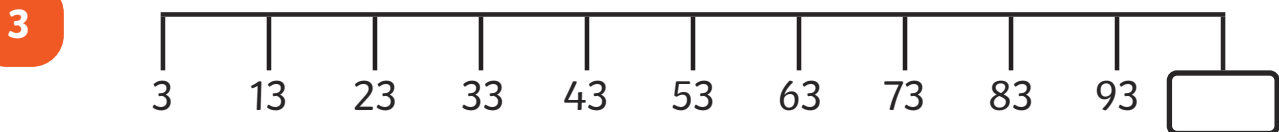

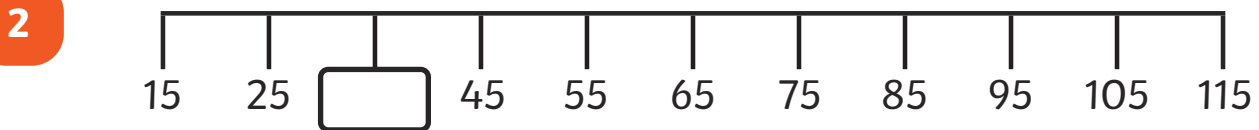

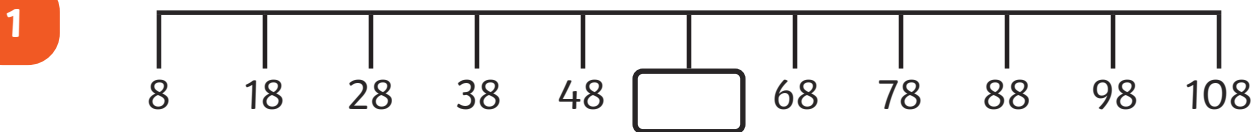

**Clue 2:** The child who had the winning Halloween costume wore a \_\_\_\_\_ costume.

# The Mystery of the Winning Halloween Costume

## Clue 3: Count in Tens

Write the correct numbers on the number lines using the table below. Cross out the numbers you use. The number not crossed out in the table will reveal a clue about which class the child who had the winning Halloween costume is in.

| Class 1 or 2 |    |     | Class 3 or 4 |    |    |
|--------------|----|-----|--------------|----|----|
| 91           | 45 | 103 | 35           | 26 | 58 |

**Clue 3:** The child who had the winning Halloween costume is in \_\_\_\_\_.

# The Mystery of the Winning Halloween Costume

## Clue 4: Compare the Numbers

Identify whether each statement is true or false and tick the correct column. The column with the most ticks in will reveal a clue about the age of the child who had the winning Halloween costume.

|   | True          | False         |
|---|---------------|---------------|
| $56 > 65$                               |               |               |
| $67 = \text{sixty-seven}$               |               |               |
| $31 > 13$                               |               |               |
| $78 < 77$                               |               |               |
| $\text{eighty-six} = 86$                |               |               |
| $\text{ninety-one} > \text{ninety-two}$ |               |               |
| $\text{seventeen} > \text{sixteen}$     |               |               |
| $\text{ninety-nine} > 100$              |               |               |
| $44 < 45$                               |               |               |
|   | <b>6 or 7</b> | <b>8 or 9</b> |

**Clue 4:** The age of the child who had the winning Halloween costume competition is \_\_\_\_\_.

# The Mystery of the Winning Halloween Costume

## Clue 5: Read and Write Numbers to 100

Match the numerals and words.

The word that is not matched to a numeral will reveal a clue about which accessory used by the child who had the winning Halloween costume.

31

96

38

51

69

thirty-eight  
wand

sixty-nine  
mask

thirty-one  
hat

thirteen  
broomstick

fifty-one  
wig

ninety-six  
cape

**Clue 5:** The child who had the winning Halloween costume used a \_\_\_\_\_.

The child who had the winning Halloween costume was \_\_\_\_\_.
