

The Mystery of the Harvest Festival Basket

The children have been bringing in fruit, vegetables and other food for their Harvest Festival celebrations. The table in the hall has been decorated with autumn leaves, shiny conkers and pine cones. All of the delicious food has been laid out for everyone to see.

Of all the wonderful donations, there is one that stands out from the rest – a beautiful wicker basket full of stunning home-grown fruit and vegetables. There’s a huge, green marrow, an orange pumpkin, some shiny, red apples and an enormous butternut squash. They look amazing! Whoever is lucky enough to receive them will be so happy.

Who has been busy growing all these vegetables and has been kind enough to donate them? Who does the basket belong to?

Solve the clues to find out!

Name	Year Group	Favourite Colour	How do they get to school?	Member of the gardening club?	Favourite Fruit or Vegetable
Alice	3	red	bike	no	radish
Benjamin	5	green	bike	no	lemon
Danika	4	green	walk	yes	pear
Elsie	4	yellow	scooter	no	orange
Gerald	3	green	bike	no	cherry
Harriet	2	blue	bus	yes	sweetcorn
Isla	5	blue	bike	yes	peas
Jasmine	6	yellow	bike	yes	tomato
Kris	5	green	scooter	no	avocado
Liam	5	green	bike	yes	mango
Natasha	4	green	bike	yes	carrot
Pablo	6	blue	scooter	yes	strawberry
Quinn	4	blue	skateboard	yes	potato
Richard	5	green	bike	no	melon
Stefan	2	green	bike	no	pumpkin
Tammy	6	blue	walk	no	broccoli
Tristan	3	yellow	bike	yes	sprouts
Uma	2	green	scooter	no	cucumber
Wren	5	green	bike	yes	apple
Zara	6	green	bike	no	aubergine

The Mystery of the Harvest Festival Basket

Clue 1: Find the Missing Numbers

Find the missing numbers by counting in steps of 2, 3, 5 or 10, crossing the apples off at the bottom of the page as you use them. The apple that is left over will reveal how the child travelled to school.

6	8	10	12		16
---	---	----	----	--	----

9	12	15		21	24
---	----	----	--	----	----

15	20	25	30		40
----	----	----	----	--	----

25	35		55	65	75
----	----	--	----	----	----

32	42	52		72	82
----	----	----	--	----	----

 14 car	 25 bike	 45 scooter
 62 walking	 35 bus	 18 skateboard

Clue 1: The child travelled to school by _____.

Clue 2: Comparing Numbers

Circle the greatest number in each set of autumn leaves.

To solve the next clue, find the words that match each of the circled numbers. Write these down in order.

86	46	91	78
red	they	green	the
65	79	53	88
colour	blue	like	yellow

Clue 2:

--	--	--	--	--

Clue 3: Partitioning Numbers

Find the numbers missing from the pumpkins.

Four math problems are presented, each with a central number in a circle and two pumpkins connected to it by lines. The pumpkins have numbers or blank spaces on them. The problems are:

- 65 (with a carrot) connected to 60 and a blank space.
- 72 (with an onion) connected to a blank space and 2.
- 59 (with an apple) connected to a blank space and 19.
- 84 (with a head of lettuce) connected to 30 and a blank space.

Cross out each of the missing numbers. The number that is left will reveal which year group the child is in.

Five pumpkins are shown, each with a number and a year group written on it:

- 40 year 2
- 5 year 3
- 54 year 4
- 4 year 5
- 70 year 6

Clue 3: The child is in _____.

Clue 4: Matching Words and Numerals

Match each of the words to the correct numerals. The number that is left over will reveal whether the child who grew the fruit and vegetables is a member of the gardening club.

twenty-seven

eighty-one

sixty-four

ninety-two

81

forty-five

27

81

92

is a member

is not a member

is a member

45

64

83

is not a member

is a member

is not a member

Clue 4: The child _____ of the gardening club.

Clue 5: Representing Numbers

Write down the numbers that are being represented.

Circle the numbers in order and write down the matching letters to solve the final clue.

36	25	57	63	58	60
l	a	e	g	p	n
85	50	84	70	48	75
o	h	y	c	m	r

Clue 5: Their favourite fruit or vegetable is a .

The child who donated the harvest basket was _____.
