

North Stainley C of E Primary School News Letter

Date: 13/2/21

Stag Facts: Did you know that this is a White Hart (Hart means mature stag) this was the personal badge of King Richard II.

The 5 Ways to Wellbeing

The 5 Ways to Wellbeing is a programme designed to support children and adults on their life journey. Recognising their own needs for wellbeing and being able to take an independent and proactive approach to growing, blossoming and flourishing both mentally and physically. Going forward we will be adopting this approach at North Stainley CE School

Purple Ribbons: This half term many purple ribbons have been awarded to children working both in school and at home. We have seen numerous children described as being enthusiastic, resilient, independent, aspirational, courageous and kind. Well done to ALL of you-whether you have received a ribbon or not- because there is not one child in our school who has not consistently shown one or more of these fabulous traits over this half term. **White Ribbons:** These are few and far-between as these are only awarded when some one has done something or shown something extra-ordinary. Recently we have seen White ribbons awarded to Harvey Lee, William Pollitt and Jasmine Littlewood

Purple Ribbons awarded weekly.

White ribbons awarded for something extra special

**“our values
are like roots
holding us
firm.”**

Dear Parents and Carers,

I do hope this email finds you all safe and well.

During these challenging and uncertain times, we appreciate that home learning can create pressures and anxieties for parents and carers, which may become overwhelming.

With this in mind, the topic was raised at a recent governing body meeting which resulted in the Reverend Sian Lawton, Foundation Governor, offering to be a point of contact and support for parents or carers needing a friendly and confidential outlet.

Reverend Sian’s contact details are below:

revsianlawton@gmail.com

07583 874203

On behalf of the school governors, I would like to thank you all for your continued support and commitment during these extraordinary times.

With every good wish,

Nathaniel Potts

Embrace new experiences,
See opportunities,
Surprise yourself

This half term the whole school has been accessing remote Music lessons with Mrs Watkinson. ' these lessons rock! If parents have been joining in they might also have learnt something new!

Also we are having our French lessons on line and with our friends in school Madame Heap is leading our French lessons . The enthusiasm for learning a new language is great and the children already know a lot of French vocabulary. Keep Learning everyone!

Spring has Sprung

Photography Competition for all children.

Whilst you are out and about this half term look out for signs of spring. If you get chance take a photograph and email this photograph to school with your name and a brief description of what you have seen and where you saw it.

The best picture (taking into consideration the age of the child) will not only win a prize but also 20 house points to get you house off to a good start next half term. We will display these pictures in school to really cheer us all up when we all return.

Something for the half-term holidays..

Connect with your community by contributing to the Great Big Art Exhibition. Inspired by the Rainbow pictures during the first Lockdown in 2020. The Great Big Art Exhibition is being launched by Sir Antony Gormley, who is asking people to make an artwork at home and put in their window or garden.

For details on how to take part, just type in The Great Big Art Exhibition and go from there!

Send us some pictures of any art work you display!

“dig deeper for stronger roots..”

Coming soon.....Next half term Karate sessions will be delivered both in school and remotely. These sessions have proved to be very popular in the past with some children choosing to follow this by joining karate clubs out of school.

- I think I have improved further in my maths. I understand harder questions and I'm trying hard to always write down all my steps.

HEROES cont'd

All the things these heroes love like sport and being with friends has been taken away from them. The steadying routines of school life have been limited.

They have learnt to understand the meaning of 'pandemic'. Despite all of these negatives these heroes get up and get on every single day.

So here's to our young heroes, today, tomorrow and always.

The fantastic children of North Stainley

School

What have you enjoyed about learning? I really look forward for since everyday.
 Have you found that you have improved in a certain area? Yes time management
 How have you found the structure of your day? It has been set out perfectly
 Are the things you found hard easier now? Absolutely it has effected my learning

Home school has been AMAZING! I already in learning to like math. So much more passion in my work.
