

Dear Parents/Carers,

Thank you for your support with our aim to have all our children reading fluently and reading for pleasure. To keep the momentum going, we would like to ask for your help to listen to individual readers. This could mean a regular commitment of half an hour or more a week, alternately you might find you have an occasional free morning or afternoon that you could give to school. The children are always very keen to read to visitors and it would really help them to develop their skills further. Your help would make a difference.

If you think this is something that you can do, please email [admin@northstainley.n-yorks.sch.uk](mailto:admin@northstainley.n-yorks.sch.uk) .

Kind regards,

Sally Williamson

Literacy Coordinator
